Why have we introduced our Practice Membership Plan?

Following recent budget cuts, our patients are no longer eligible for dental treatment under PRSI or GMS. So we have designed the 'Virginia Dental Surgery Membership Plan', which we believe will make it easier for you to maintain good oral health from as little as **49 cents a day!** By visiting regularly on a budgeted plan you could avoid problems and ensure the best chance of being dentally fit.

Who is our plan for?

You! If you want to safeguard your smile and ensure long term oral health you need a preventative programme.

Research has shown that members of the population who attend their Dentist and Hygienist regularly have healthier teeth and gums and require less dental treatment than those who do not attend regularly.

It's simple, don't let your oral health fall into a poor state and you could avoid having to pay for treatments (including crowns, fillings etc). Having the regular check-ups included in this plan could prevent problems. And spreading the cost with a monthly Direct Debit makes this plan the simplest way to pay for your preventative oral health programme.

As an additional benefit, we have incorporated a dental accident and emergency insurance element to give you complete peace of mind.

What is the dental accident and emergency insurance?

What would happen if you had a serious accident while at home or abroad? Could you afford to pay for potentially expensive dental treatment?

The cost of your dental accident and emergency insurance is included in your monthly payment and it covers you for;

- Accidental damage to your teeth resulting from a fall, an accident, a blow or trauma.
- Emergency treatment when away from home anywhere in the world, or outside of normal surgery hours.

Must I have good dental health to join?

We do not assess the current condition of your dental health as a prerequisite of joining and you will not have to undergo any expensive treatment programmes to gain membership.

How can I join?

All you have to do is complete a registration form and Direct Debit mandate. In addition to your first monthly payment, a one-off set-up fee of €10 will be charged and will be included in your first Direct Debit payment.

Any questions?

If you have any questions about our plan, please contact our reception team who will be happy to provide further information and guidance.
